**Father, in 2007 we desperately need to see the work that we doing through Your eyes, and the path that we will be walking in this year is the one that is designed by You, Father. Will you help us be advocates to share your Gospel with a dying world?**

"On Christmas night, I watched the Jesus Film on the street where I live", shared Younas from a Gospel-resistant county in Eurasia. "I am 38 years old and was addicted to drugs. I had no care or concern for my family, and they were very upset with me. But as I watched the film and saw the teachings and the crucifixion of Jesus, I began to cry. I repented of all my sins and surrendered my life to Jesus. I praise God who saved my soul and my life! Now I am receiving treatment for my drug addiction and have stopped using all the drugs. God bless the great ministry of the Jesus Film."
